

You have been authorized to complete online background check screening documents in connection with your interest in an employment/assignment opportunity. During this process, you will be asked to "sign" one or more of the online documents with an electronic signature. Please read the following carefully regarding the electronic signature process for the documents you will sign throughout this process.

You are the only person permitted to electronically sign the specified document(s); you may not delegate this responsibility to another person. If you agree to the terms stated in the documents, and consent to electronically receiving these documents, submitting them electronically, and authorizing your electronic signature, please sign the document(s) by entering your name as it appears and click the "I Agree and Continue" and/or "Next" button, as applicable, appearing at the bottom of the document to proceed to the next screen. Your electronic signature will be dated as of the time when you click the "Next" button. Your electronic signatures will be binding as your physical signature with the same legal effect as your handwritten signature on paper.

If you have questions or concerns relating to the electronic receipt or signature of the documents, please contact AccurateNow at 1-866-693-1764. If you do not agree to the terms of the documents or for other reasons do not want to continue pursuing the employment/assignment opportunity, you may close the browser and cease proceeding with the process. You may contact the employer/potential employer for further instruction on conducting your background check if you choose not to consent to the use of electronic signature or would like to withdraw your consent. Any withdrawal of consent will be effective as of the date it is received.

If you want to make changes in information you provided, you may click the "back" button.

Once all of the documents have been completed and signed, you may also view, download or print the complete, signed documents by clicking the "Print" link that appears on your screen. See below for the hardware/software requirements needed to access and retain the electronic records related to your application, including the documents you are asked to sign. You may also contact AccurateNow using any of the contact methods provided below.
